#### 6 | 36 Notes

- Grand staff + ledger lines (levels 4 and 5 combined)
- 

### Steps for Practicing / Quizzing Notes

---

1. Teacher names note, student plays.
  2. Student names note without playing.
  3. Student names note and plays (timing).
- 

### Rules

---

- Students will begin at level 1 every year and work their way up.
  - Students must play *and* name the notes in one minute or less to move to the next level.
  - Bass clef notes should be played with LH and treble clef notes with RH.
  - Students must complete 2 successful timings under one minute (preferably at 2 different lessons) before moving on to the next level. The fastest time will be counted for that level.
  - Students continue to participate until they win level 5. Once students win level 5, they “graduate” from this annual challenge.
- 

### Prizes

---

- One winner at each of levels 1-5 will receive a \$5 gift card (surprise location).
- One overall winner (level 6) gets a \$15 gift card to a location of their choice and their picture on the One-Minute Club board.
